

Crop Harvester

Job Description

Employment Status: Seasonal Part-time/On call
June-July, Pea harvest
July-September, Bean harvest
10-30 hour weeks

Summary: We are looking for Pea harvesters to start the season. After Pea harvest, if you work well, you may join as a farm hand or harvest other vegetables throughout the Summer.

Wage: We pay piece wage for Peas. \$1/pound picked. *The faster you work the more money you make.* Some people can pick up to 20 pounds in an hour. An average pick rate is 10-15 pounds in an hour. In my experience, drink a large cup of coffee, pick fast for 5 hours and you can make GOOD money per hour.

Schedule: 7am-12pm (sometimes earlier, sometimes later). Monday - Friday but weekends are also needed. Usually 3-4 days out of the week we are picking.

Essential Job Functions

- Harvest crops in a manner that does not damage plants and ensures quality harvest.

Scope Of Responsibilities

Will be responsible for working at a fast pace and at a high quality of work. Care will need to be taken to not damage plants during harvesting. Staying on task and motivating others in a teamwork environment to get jobs done in an efficient manner.
